Lots are always available — call for current locations. New sims will be added to the educational communities as needed — custom island names are also possible for full or half sims — inquire for details. Educational communities consist of 8-10 lease plots on a full sim, arranged around a central common area with a shared amphitheatre, flexible classroom space, conference room, gallery, and resource center which are available to all lessees. Lots sizes of 4096 and above all have significant waterfront.
